Discover how to have a significant, tangible impact on your organization with Techstreet™ Enterprise

At Techstreet, we specialize in helping you deliver the most relevant and up-to-date information for your business with the global authoritative standards intelligence and custom content options that are critical to success.

But don't take our word for it. See what our customers have to say.¹

"In a time that our company is focused on service quality, compliance, and saving money, Techstreet has proven itself to be a valuable partner and is aligned to our company values."

**System Administrator,
Weatherford International Ltd.**

¹ All data derived from TechValidate Techstreet Enterprise Customer Survey, 2018 to 2019.

Standards management

Struggling to maintain access, compliance, and insight in a constantly evolving landscape

We surveyed engineers, librarians, and technical professionals about their most significant pain points related to standards usage and management. Top challenges include:

76%

of customers stated that staying on top of the latest standards / reducing compliance risk was their biggest challenge.

Staying on top of the latest standards / reducing compliance risk		76%
Lack of efficiency / subscribing to redundant content		60%
Difficulty managing standards		48%
Lack of visibility into usage		45%

Techstreet's impact

One powerful, easy-to-use platform ...

Techstreet Enterprise is a smart and easy way to access vital industry standards and related documents across the organization, helping you ensure the compliance of your products and processes. 85% of customers cited the user-friendly interface of Techstreet Enterprise as a major factor in their purchase decision. Impactful features include:

"Best system I have seen to keep up to date on industry standards and notifications for updates."

**System Administrator,
Oil States Industries, Inc.**

User-friendly interface		85%
Fast, easy search		74%
Redlines and historical back-file		47%
Lists and Alerts		34%
Usage reporting dashboard		33%

... paired with unrivaled dedication to customer satisfaction ...

22%

of customers reported that a main driver for adopting Techstreet Enterprise was poor service from another provider.

... results in smarter standards management for organization-wide success.

86% of customers agree that Techstreet Enterprise fundamentally improved organizational use and management of standards. Here's how:

Return on investment in first year of use		77%
Easier tracking and management of subscriptions		73%
Expanded access to standards across the organization		69%
Saved time		52%
Increased visibility into and control over usage		51%
Reduced redundant purchases		49%

"Our global teams now access the same, updated standards from almost anywhere. Making standards information consistent and more reliable means more compliant products, designed faster, with less effort."

Engineer,
GEA
